User Guidelines – Introduction to our services

Aspect provides comprehensive assessments for autism across all life stages.

A comprehensive assessment can help identify developmental difficulties and determine which interventions, strategies and supports will assist someone to reach their potential.

Our autism assessments are holistic and designed to determine if someone is on the autism spectrum, and to provide detailed information about their adaptive functioning, strengths and support needs.

Our assessments include information about an individual's strengths, talents and interests so their support plan can be tailored to their particular goals and aspirations.

Autism assessments are conducted by our specialist staff, who are trained in the use of gold standard assessment instruments (Autism Diagnostic Observation Schedule and Autism Diagnostic Interview).

Cancellation fees

Given that there is typically a significant waitlist for assessments, individuals, or their representatives, are asked to provide reasonable notice if they need to cancel or re-arrange an appointment, so it can be offered to someone else.

Cancellation fees apply when a fee-for-service appointment is cancelled with less than 48 hours' notice:

- for cancellations/postponing **less than 48 hours** prior to the scheduled assessment: **\$100 fee** is payable.
- for cancellations/postponing **more than 48 hours** prior to the scheduled assessment: **no fee** is payable.

Note: For individuals funding their assessments through the NDIS, Aspect follows the current NDIS price guide.

Payment plan & reduced fees

Aspect Assessments offers payment plans allowing fees to be paid in 4 equal instalments, to assist participants and their families by spreading the total fee over a period of time.

A payment plan does not alter the total cost of the assessment; however, participants from vulnerable and disadvantaged backgrounds may be eligible for a fee reduced assessment.

To discuss a payment plan and/or eligibility criteria for a reduced fee, please contact Aspect Assessments on assessments@autismspectrum.org.au.

Aspect Assessments Fees

INITIAL ASSESSMENTS	
Assessment type	Diagnostic & full report
Autism assessment (initial or review)	\$ 1,990.00
Cognitive assessment	\$ 995.00
Autism + Cognitive assessments	\$2,985

Note: Medicare rebates are available for children under 13 (autism assessments only).

A referral from a GP, paediatrician or psychiatrist is required for an autism assessment and should be attached to the intake paperwork when submitted.

Depending on your plan and circumstances, you may be able to claim the cost of your assessment through your NDIS plan. This can be discussed at the time of booking an appointment.

We thank you
for taking the time to
read this guide and
we look forward to
working with you...
