

Autism Spectrum Australia (Aspect) is committed to promoting an organisational culture that provides a safe and secure environment for the people we support, that is in consideration of the Australian Human Rights Commission's National Principles for Child Safe Organisation . At Aspect this is done through the ongoing organisation-wide implementation of our Culture of Safety & Wellbeing (see Attachment 1). The Culture of Safety & Wellbeing is made up from the following ten principles, which are further outlined through Aspect's policy framework:

Principle 1. Committed Leadership, Governance and Culture

Aspect is committed to focusing on risk, safety and upholding human rights for all the people we support. We will work to prevent, and appropriately respond to any student/participant Safeguarding Incident (see Definitions);

The Board gives priority to monitoring and responding to quality and safeguarding (see Definitions) matters associated with delivering supports to students/participants through reports from the internal Safeguarding Governance Group (SGG); and the relevant actions against the related identified risks.

Principle 2. Participation and Inclusion through the Aspect Comprehensive Approach (ACA) which includes the Five Point Star

Aspect will respect each individual's wants and needs, and uphold an environment where their voices and opinions are heard to achieve positive outcomes. We work collaboratively with each student/ participant and their families, support network and advocates to get to know them and support each person to live a good life.

Principle 3. Uphold Human Rights

Aspect welcomes diversity in all forms, and works to prevent harm and mitigate risk of harm . We build an organisational culture that acknowledges strengths and an individual's characteristics, and supports all regardless of their abilities, sex, gender, or social, economic and cultural background to feel welcome and safe.

Principle 4. Safe Recruitment, Selection and Induction Practices

Aspect ensures robust recruitment and screening processes to ensure that we employ the right people for the job who are suitable and supported to reflect safety and wellbeing values in practice

Principle 5. Staff training, Resourcing, Ongoing Supervision and Support

Aspect is committed to ongoing support and training of our staff to help them to know how to best support the students/participants they work with

Principle 6. Maintain Safe Environments

Aspect ensures that we maintain safe supports, services and locations and promote ethical and respectful service provision. We work with the people we support to ensure that reasonable steps are taken to prevent harm and promote wellbeing of all students/participants in Aspect schools and services.

Principle 7. Regular Review and Evidence-Informed Practice

Aspect recognises that there is always room to improve, and regularly reviews its practices through audits, reviews, research evaluations, in collaboration with our diverse communities and co-produced with the people we support and their families

Principle 8. Maintain Policy Framework for Safeguarding

The Aspect Board is responsible for ensuring Aspect has in place appropriate policy and associated procedures for safeguarding (see Definitions) students/participants. This is managed through the approval of this policy; and delegated to Aspect's Executive for the development and implementation of the associated procedures for each principle to ensure safeguarding (see Definitions) and legal compliance.

Each principle of the Culture of Safety and Wellbeing is addressed by Aspect within the context of our policy framework. This tells our staff how to:

- uphold the safeguarding (see Definitions) and wellbeing of the people we support,
- identify opportunities for improvement, and
- respond if something is not right, the mandatory reporting and child protection notification and escalation requirements and the actions we need to take.

Principle 9. Provide Information and Education

Aspect understands that promoting, educating and providing information on each person's rights and how to seek help if they need is essential to prevention of harm, risk of harm, abuse, neglect, discrimination, violence and exploitation and upholding human rights of the people we support. This is achieved through implementation within school's curriculum and information provision on human rights, including the United Nations Convention on the Rights of the Child, and the United Nations Convention on the Rights of Persons with Disabilities, staff modelling and working with external providers, who may provide training.

Principle 10. Effective Complaint Handling and External Reporting

Aspect recognises and promotes the voices of the people we support. Where an individual has a complaint or allegation, or an incident has occurred, Aspect will provide support to those affected. Any suspicions, allegations or evidence of Safeguarding Incidents has occurred, including any allegations of inappropriate conduct by staff, will be immediately reported to the relevant authorities and all obligations strictly adhered to. Aspect maintains an incident and complaint management system to ensure staff are supported to undertake these processes as promptly and sensitively as possible.

External Framework

 - 3. Families and communities are informed and involved in promoting child safety and wellbeing.
 - 4. Equity is upheld and diverse needs respected in policy and practice.
 - 5. People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.
 - 6. Processes to respond to complaints and concerns are child focused.
 - 7. Staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.
 - 8. Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.
 - 9. Implementation of the national child safe principles is regularly reviewed and improved.
 - 10. Policies and procedures document how the organisation is safe for children and young people.

Critical Definitions

Culture of Safety & Wellbeing - refers to an organisational culture which takes a preventative, proactive and participatory stance on safeguarding the people we support by:

- putting the safety and wellbeing of the people we support as a paramount consideration when developing activities, policies and management practices;
- valuing and embracing the opinions and views of the people we support and creating an environment in which they feel confident to provide feedback and express concerns;
- encouraging and assisting the people we support to build skills that will assist them to participate in society;
- recognising that autistic people may be traumatised and affected by events that may not be considered traumatic by others, and
- taking action to protect the people we support from abuse, neglect and exploitation.

Safeguarding – refers to measures to protect the health, well-being and human rights of individuals, which allow people especially children, young people and vulnerable adults to live free from harm, risk of harm, and neglect.

Safeguarding Incident – any incident that places a student/participant in or at risk of harm, or involves an allegation of harm or risk of harm.

Harm – includes violence, assault, coercion, abuse, neglect, discrimination, harassment, victimisation, and exploitation; and can be physical, sexual, grooming, social, emotional, psychological, civil, legal, financial, human rights restrictive or systemic in its nature and/or its impact on a person or persons
