

Aspect Therapy Hanen More Than Words PROGRAM

The 'More Than Words' Hanen Program is a parent training program, designed specifically for families with young children on the Autism Spectrum and with other social-communication difficulties. It is an internationally recognised, evidence-based program that provides parents with the tools, strategies and support they need to help their children reach their full communication potential. The program is targeted at children aged 2 to 6 years.

What information will you gain by participating in More Than Words?

- What motivates your child to communicate?
- How your child learns best and communicates and the next steps to take.
- How to turn everyday activities into opportunities for learning to communicate.
- How to use pictures and print to help your child's understanding.
- How to talk so that your child can understand you.
- How to develop your child's play skills.
- Learn why your child behaves in certain ways and what you can do about these behaviours.
- How to help your child make friends.

Cost

The cost of the program can be covered using NDIS funding or fee for service.
